Short-term booked tickets, for which the payment has not been received yet, must be picked up at the evening box office at least 60 minutes before the beginning of the performance. If not, the reservation will be automatically cancelled.

### Event cancellation

The event will take place with all weather conditions. The management reserves the right to postpone the beginning of the performance, suspend the event or rather eliminate the pause. In case of bad weather we do recommend to wear warm and rain-proof clothes. Umbrellas are not allowed, as they restrict visibility and may endanger visitors. In case of rain, the organization will provide free rain capes (while stocks last).

The cancellation of the event can basically take place only before the beginning of the event and be announced exclusively by the management of Kaltern Event.

If an event needs to be cancelled due to weather implied dangers (heavy rain, thunderstorms or hail) for visitors, artists as well as the technical team, tickets will be automatically rebooked for the next concert of the Lake stage performances in the same year. However, if it was the last performance, which has been cancelled, the tickets can be returned at the Tourism Office of Kaltern within three days. Indeed, within this return period, the paid amount will be refunded. Please note that only the ticket price will be refunded. Any occurring bank charges, referable to the bank transfer, will not be refunded. Reimburse requests which will be presented after the above-mentioned deadline, will not be accepted.

If an event will be cancelled after the beginning of the performance, it will be considered as executed and gives no longer the right to reimbursement.
